Sergio Fuentes Vázquez

Sound Design

PROFILE

Passionate sound designer with experience in composing, mixing, and mastering video game-inspired music. Skilled in managing musical projects, working collaboratively under tight time constraints, and developing creative solutions within project limitations.

Highly motivated to continue learning and expanding my skills in sound design. Seeking to expand my network and establish meaningful connections in the video game industry to secure my first job and create interactive audio experiences that bring joy to players.

EXPERIENCE

Freelance Sound Designer and Music Composer

Souls Forge Studios - 2021 / 2023

- UE5 and Unity audio implementation for videogame projects
- Music score and production for videogame content
